Attention: Mr. Robert Smith

Dear Mr. Groves:

As you may be aware, Congress recently passed a 79-day authorization extension of SAFETEA-LU (through December 18<sup>th</sup>) at approximately the same funding level as fiscal year 2009 after the rescission. These sub-allocated STP funds will be made available as we receive them, probably in increments. However, for planning purposes we advise you to use the full annual federal apportionment of \$3,864,990. We are trying to understand the effect of the many rescissions that have occurred during SAFETEA-LU and how those rescissions will be applied to the carryover balance being maintained for your city. For planning purposes, you should assume a carryover balance of \$2,215,104.

The ARRA funds are still available until March 2, 2010. Our records indicate your ARRA balance is \$6,822,999.

Please prepare your TIP's with these new funding parameters as soon as possible. Attached is a federal funds spreadsheet that reflects the MPO projects in your area.

Thank you in advance for your assistance and if you have any questions please let Mr. Jim Doolin (334-242-6097) or me know.

Sincerely,

*Robert J. Jilla*
