

**Alabama MPO's Chosen/Proposed Methods of Distributing Economic Stimulus Funds  
FISCAL YEAR 2009**

| <b>MPO</b>       | <b>American Recovery and Reinvestment Act of 2009 (ARRA) Distribution Methods</b>   |
|------------------|---|
| Anniston         | Divided between 8 current TIP projects  |
| Auburn - Opelika | Percentage of population; 2000 Census   |
| Birmingham       | Divided between 14 current TIP projects   |
| Decatur          | Percentage of population; 2000 Census; study area population  |
| Dothan           | 2/3 to City of Dothan; 1/3 to Houston County  |
| Florence         | Divided equally between the two Counties in the study area and then divided equally between the municipalities in each county                                 |
| Gadsden          | Division based on project readiness for implementation  |
| Huntsville       | Percentage of population; 2000 Census   |
| Mobile           | Solicited projects, hashed out in TCC, tried to base distribution on need but "roughly" based on per capita/lane mile formula (formula handed out at meeting) |
| Montgomery       | Percentage of population; 2000 Census; study area population  |
| Tuscaloosa       | Undecided   |
