## MEMORANDUM

**TO:** Montgomery MPO, TCC and CAC Members

**FROM:** Mr. Robert E. Smith Jr., Director of Planning and MPO, City of Montgomery/MPO

**DATE:** May 9, 2011

**RE:** MPO, TCC and CAC Meetings Scheduled for May 17 & 19, 2011

---

Enclosed please find meeting agendas, minutes from the last meetings, resolutions passed, project proposals to amend the **FY 2008-2011 Transportation Improvement Program (TIP)** document, and a **2008-2011 Transportation Improvement Program (TIP)** financial constraint table that gives a current balance of funds based on proposed project amendments if approved by MPO. **Also, this meeting will kick-off the update of the FY-2012-2015 Transportation Improvement Program (TIP).** Project proposals are to start being presented at the meeting if you have them ready. We have an estimated \$3,864,990 million per year for projects funded during those years. I have enclosed a fair share equity table for each year that shows how to distribute funds equitably by county population totals. Further equity sharing can be done by population totals within each county by jurisdiction totals with discussions within each county. We need the new TIP project proposals to be submitted to MPO Staff as soon as possible for processing to see where we fall short of target equity sharing in order to have meetings to make adjustments and present all project proposals submitted for full disclosure. We potentially will have until July 19, 2011 to approve the draft 2012-2015 TIP and hold a two week public involvement period and compile comments and consider those and go for the approval of the document at the September 13, TCC and CAC and September 15, 2011 MPO meetings.

MPO Staff will also give an update/status on the Montgomery Study Area Bicycle and pedestrian plan. There will also be a 15-20 presentation by consultant Transportation Engineers Gresham, Smith and Partners at the TCC meeting on a potential project solution for the Mitylene Interchange (Chantilly Pkwy, I-85, SR-126 and US-80/Atlanta Hwy). Anyone interested in attending the presentation to see what is being proposed is encouraged to attend.

We will also have further display of the latest Census 2010 data that has been collected and manipulated for display in map format for your information.

**The MPO, TCC and CAC will meet at the following times and places as stated below:**

**MPO Policy Board will meet as follows:**

Thursday, May 19, 2011 at 11:00 a.m.

Location: City of Montgomery's Downtown Intermodal Transportation Facility
